

## **This is Not the End of the World**

The future sequence of events, will be  
the Rapture of the Church (I Thess. 4:13-18)  
the 7-year Tribulation Period (Dan. 9:24-27)  
the Second Coming of Jesus with the battle of Armageddon (Jn. 14:1-6; Acts 1:10-11)  
the 1,000-year reign of Jesus on earth – The Millennium (Dan. 2:35; Zech. 14:9; Matt. 25:31; Rev. 5:10; Rev. 20:1-6)  
Satan will be released on earth for an unspecified length of time (Rev. 20:7-8)  
The Great White Throne judgement of the unsaved (Rev. 20:11-15)  
There will be a new heaven and new earth (Psa. 102:25-26; Isa. 65:17; 66:22; Matt. 24:35; II Per. 3:13; Rev. 20:11; Rev. 21:1-2).

Having said this, Ukrainian Pres. Zelensky recently said, "The end of the world has arrived." No, the end of the world will come, but not before every jot at tittle of the Word of God is fulfilled.

**Here are some recent current events that appear to be prophecy-related.**

**One**, concerning the Mark of the Beast and tracking all buying and selling: on Mar. 8, 2022, it was reported that Australia will quickly stop using physical money and could go cashless as soon as 2024 (no later than 2031).

**Two**, concerning the Battle of Gog and Magog: on Mar. 11, 2022, it was reported that the E.U. asked Israel to export natural gas to Europe through Egypt.

Income that was going to Russia could soon be going to Israel, and it is possible that this could be the hook that entices Russia to attack Israel.

- On Mar. 13, 2022, it was reported that Russia has asked China for military equipment and aid to support its war in Ukraine.
- On Mar. 14, 2022, Bloomberg reported that "Russia's economy is fraying, its currency has collapsed, and its debt is junk. Next up is a potential default that could cost investors billions and shut the country out of most funding markets."
- On Mar. 14, 2022, it was reported that the U.S. warned China that there will be consequences if China gives military equipment aid to Russia to support its war in Ukraine.
- On Mar. 15, 2022, it was reported that so many Russian citizens started buying gold bars, the Russian Central Bank has indefinitely suspended gold purchases.

**Three**, concerning strong delusion: on Mar. 11, 2022, at 1:20 am (exactly two years from the date, Mar. 11, and time, 1:20 am, that Iranian Revolutionary Guard Gen. Qasem Soleimani was assassinated in 2020), 12 ballistic missiles were fired from Iran at a U.S. military base in Irbil, Iraq.

Iran attacked the U.S. base at a time when Biden is removing sanctions on Iran, planning to give Iran billions of dollars, and trying to negotiate a deal that will let Iran get nuclear weapons.

## **How can a man that wants to give terrorists billions of dollars and nuclear weapons when they are firing missiles at U.S. troops not be strongly deluded?**

- Biden's Assistant Secretary of Health is Rachel Levine. As a man, Rachel was married and the father of two boys, but Rachel divorced his wife, started wearing a bra and identifying as a woman.
- On Mar. 13, 2022, it was reported that Rachel is one of USA Today's Women of the Year.

**Four**, concerning hyper-inflation and an economic collapse, some pundits think we are seeing the beginning stages of an economic collapse now.

With the U.S. debt now more than \$30 trillion, on Mar. 9, 2022, the U.S. House, and on Mar. 10, 2022, the U.S. Senate, passed a \$1.5 trillion spending bill that was more than 2,700 pages long, loaded with pork projects, and few, if any, legislators had time to read.

(**More:** On Mar. 15, 2022, The U.S. Bureau of Labor Statistics said producer prices increased 10% in the year ending in February. According to the report, the situation will continue to worsen.)

**Five**, concerning natural disasters increasing in frequency and intensity at the end of the age: on Mar. 13, 2022, it was reported that a 6.4 earthquake struck the Philippines, and a 6.6 earthquake struck Indonesia moments later.

It was too early for reports on injuries or destruction.

**Six**, concerning famine, on Mar. 14, 2022, an official with the International Monetary Fund (IMF) warned that the inability of Ukrainian farmers to plant crops, especially wheat, is causing massive uncertainty over global food supplies.

(**My opinion:** The rapture of Christian farmers could greatly exacerbate this problem.)

**Seven**, concerning a rebuilt Temple: on Mar. 14, 2022, it was reported that the Mikdash (Temple) Education Center has minted a 10-gram, pure silver coin that they are selling to fund "a practical effort to establish the third Temple."

**Eight**, concerning the decline of America: on Mar. 16, 2022, the Gatestone Institute reported that an Iraqi political analyst (Ali Al-Sarraf) said, "The Biden administration is very foolish" (for ignoring the concerns of Saudi Arabia and the UAE while listening to Iran and Venezuela).

Al-Sarraf said Saudi Crown Prince Mohammed bin Salman and UAE Crown Prince Sheikh Mohammed bin Zayed rejected Biden's attempts to contact them for fuel, "not because they want to abandon the alliance with the U.S., but because they do not see a president in the White House. This president is deaf. He cannot be trusted."

Biden's rejection of "America First" and turn to "Globalism First" is hurting the U.S.

**Finally, are you Ready for the Rapture?**
